

# L'épouvantail

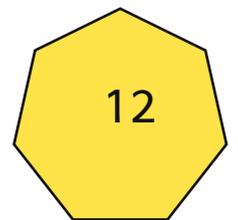

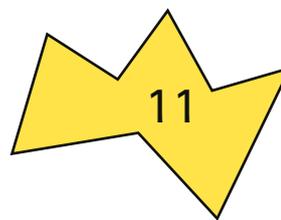

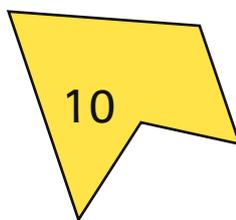

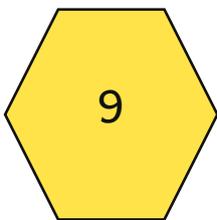

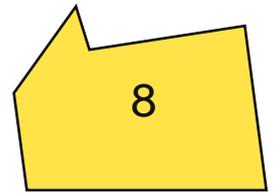

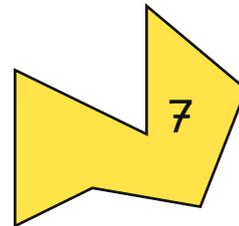

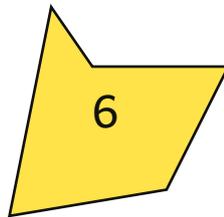

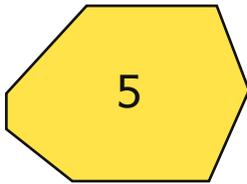

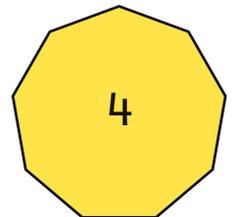

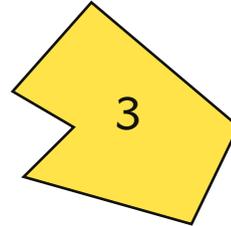

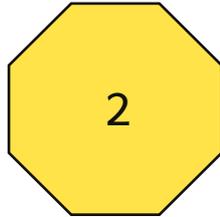

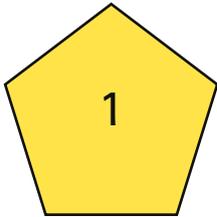

Colorie en respectant le code :

- les carrés en bleu,
- les triangles en vert,
- les ronds en rouge.

# Les côtés!

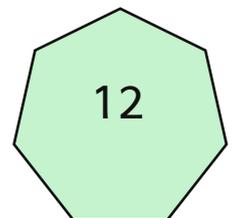

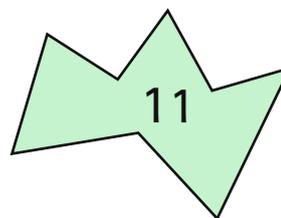

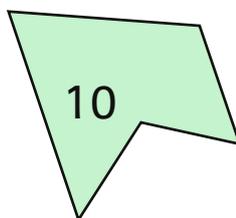

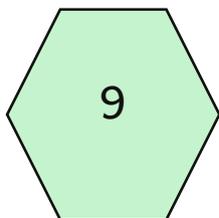

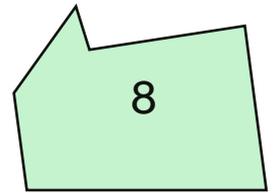

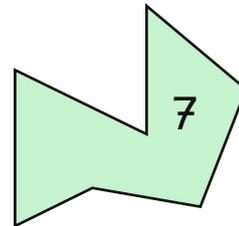

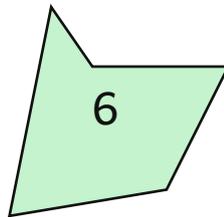

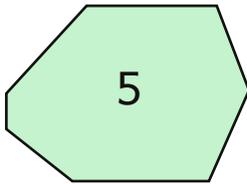

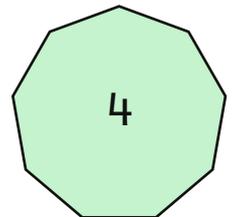

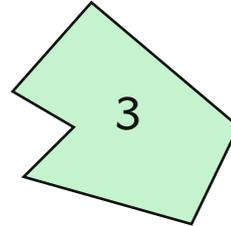

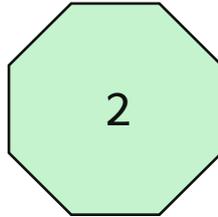

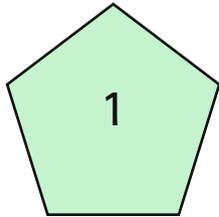

Copie le nombre de chaque forme dans les ronds du tableau.

| 5 côtés | 6 côtés | 7 côtés | 8 côtés                   |
|---------|---------|---------|---------------------------|
| 1 6 10  | 3 8 9   | 5 7 12  | 2 11 <input type="text"/> |

# Convexe – non convexe

Copie le nombre de chaque forme dans les ronds du tableau.

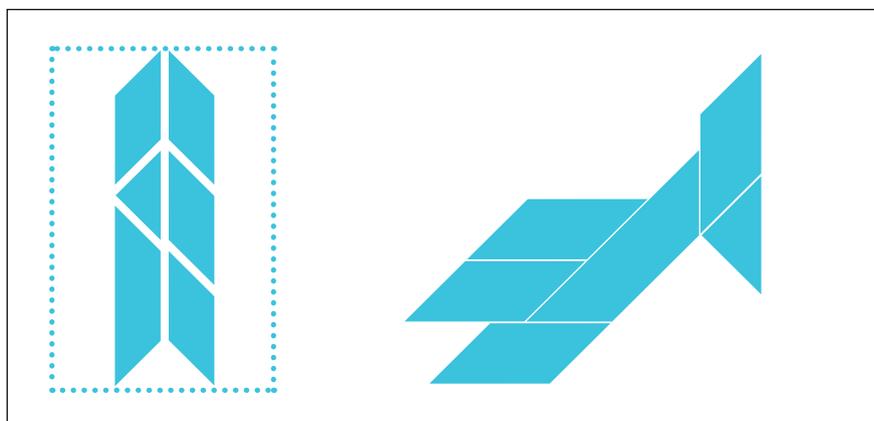

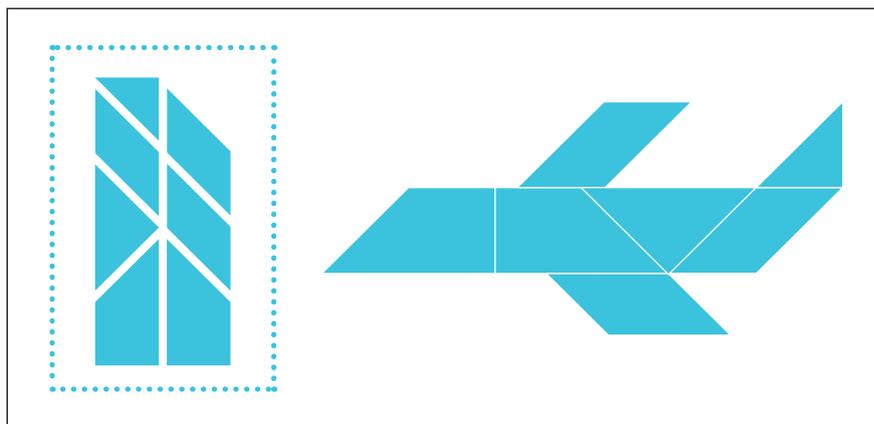

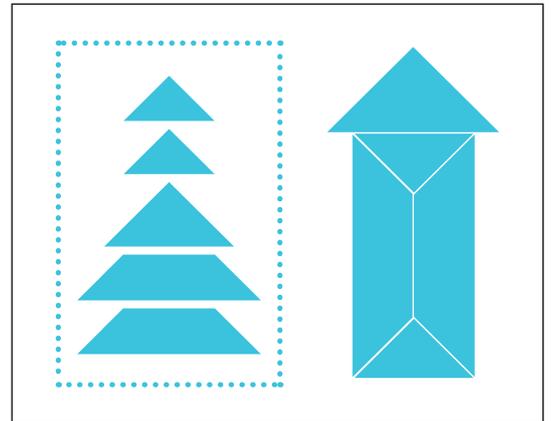

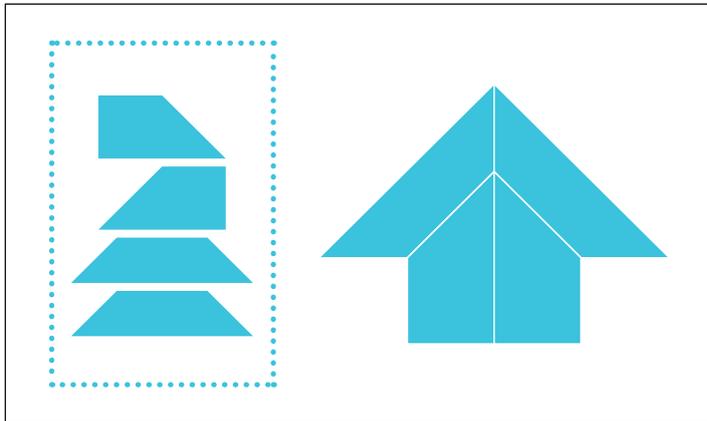

| Convexe |   |    |
|---------|---|----|
| 1       | 2 | 4  |
| 5       | 9 | 12 |

| Non convexe |    |    |
|-------------|----|----|
| 3           | 6  | 7  |
| 8           | 10 | 11 |

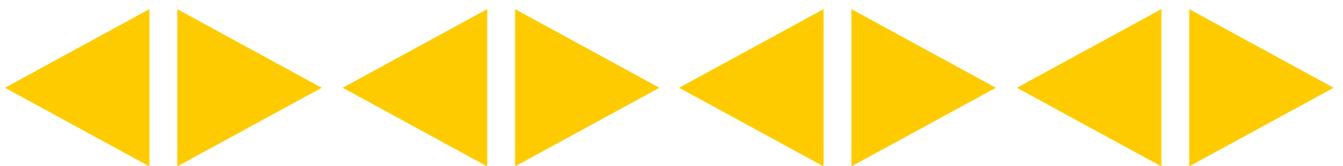

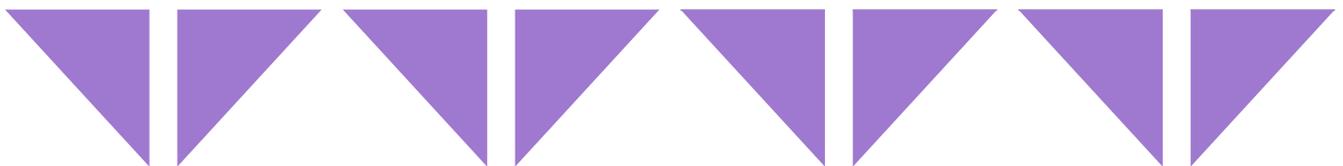

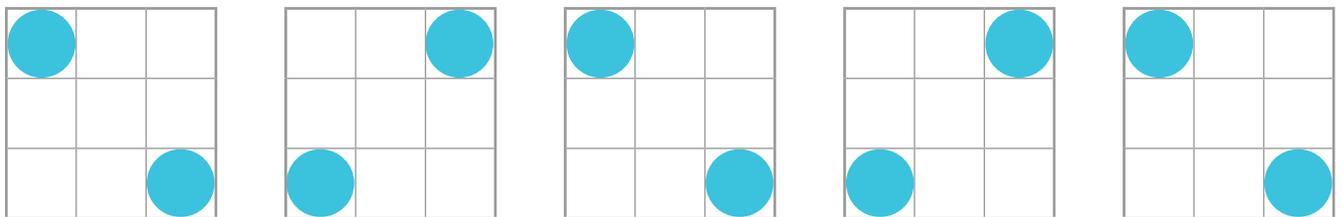

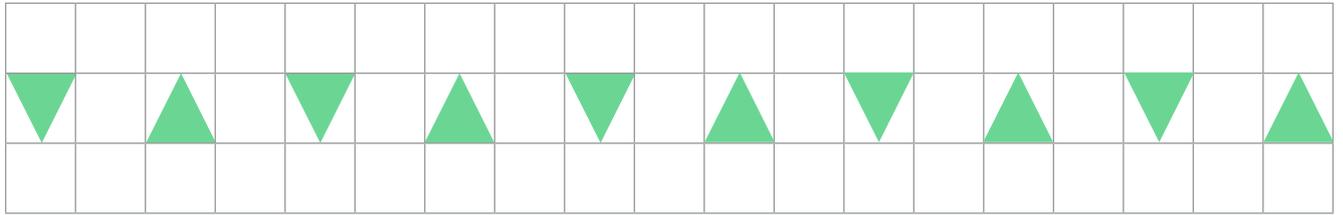

# Drôles de formes

Avec les pièces indiquées, reproduis le modèle.

# Les frises – La suite

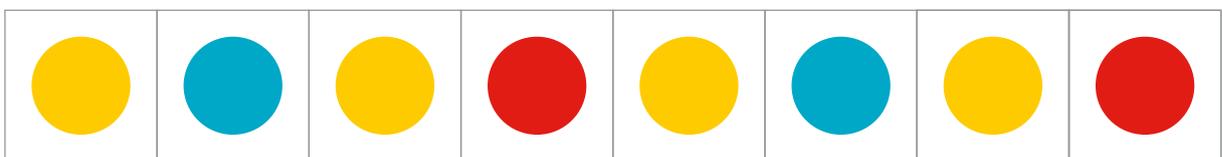

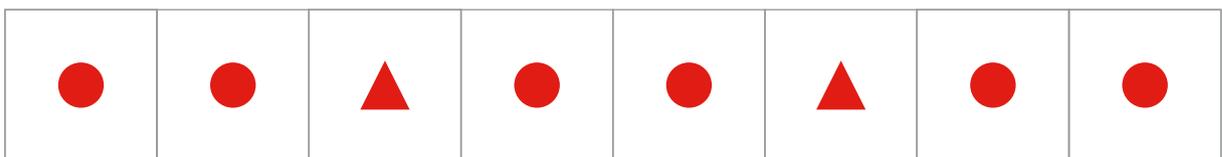

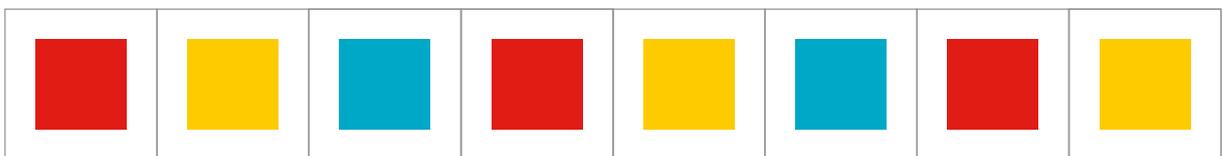

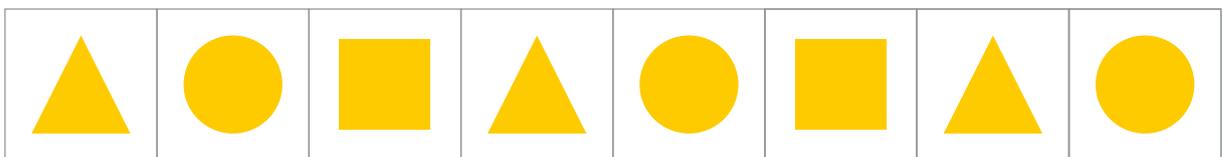

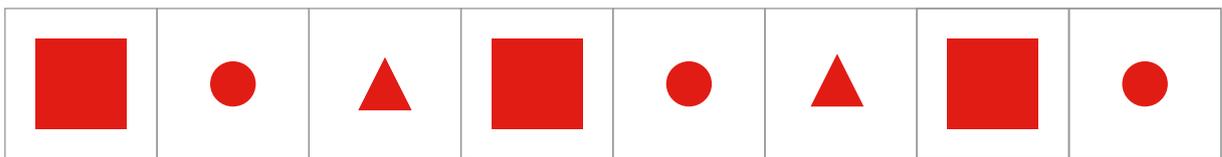

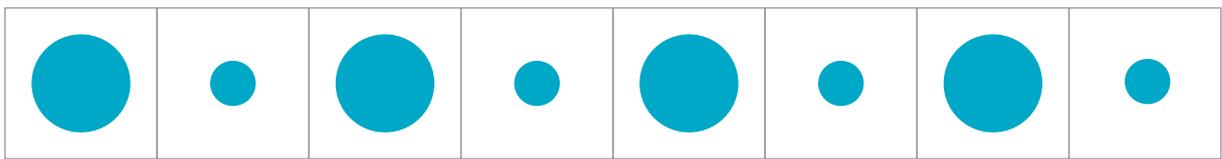

Complète les frises.

# Le magicien – La suite

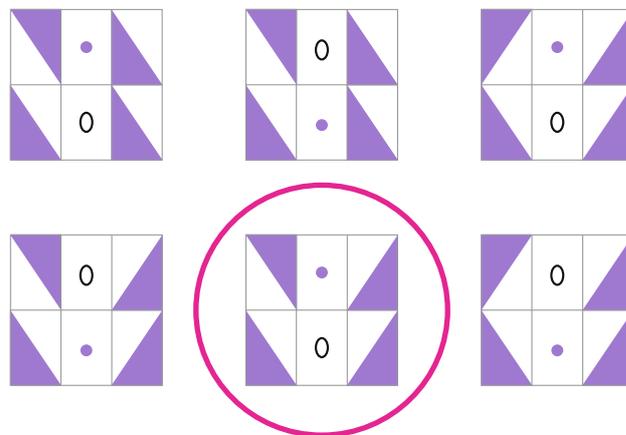

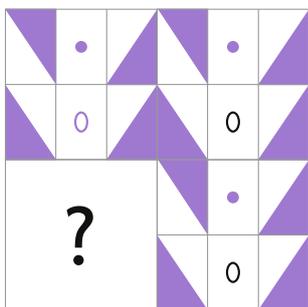

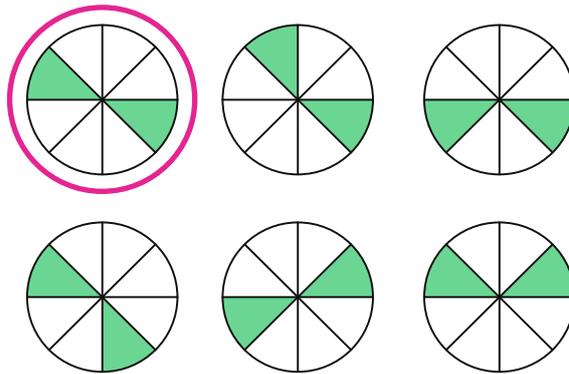

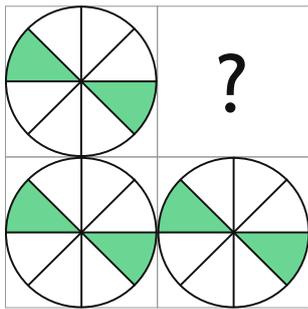

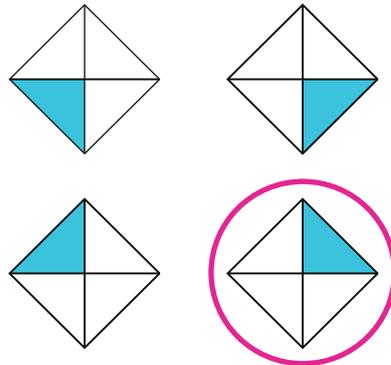

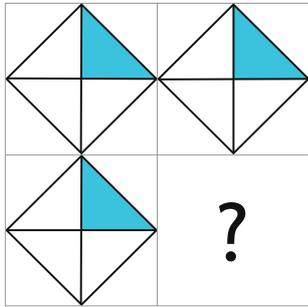

Le magicien a fait disparaître certaines formes.

Dessine celles qui manquent dans ces suites logiques.

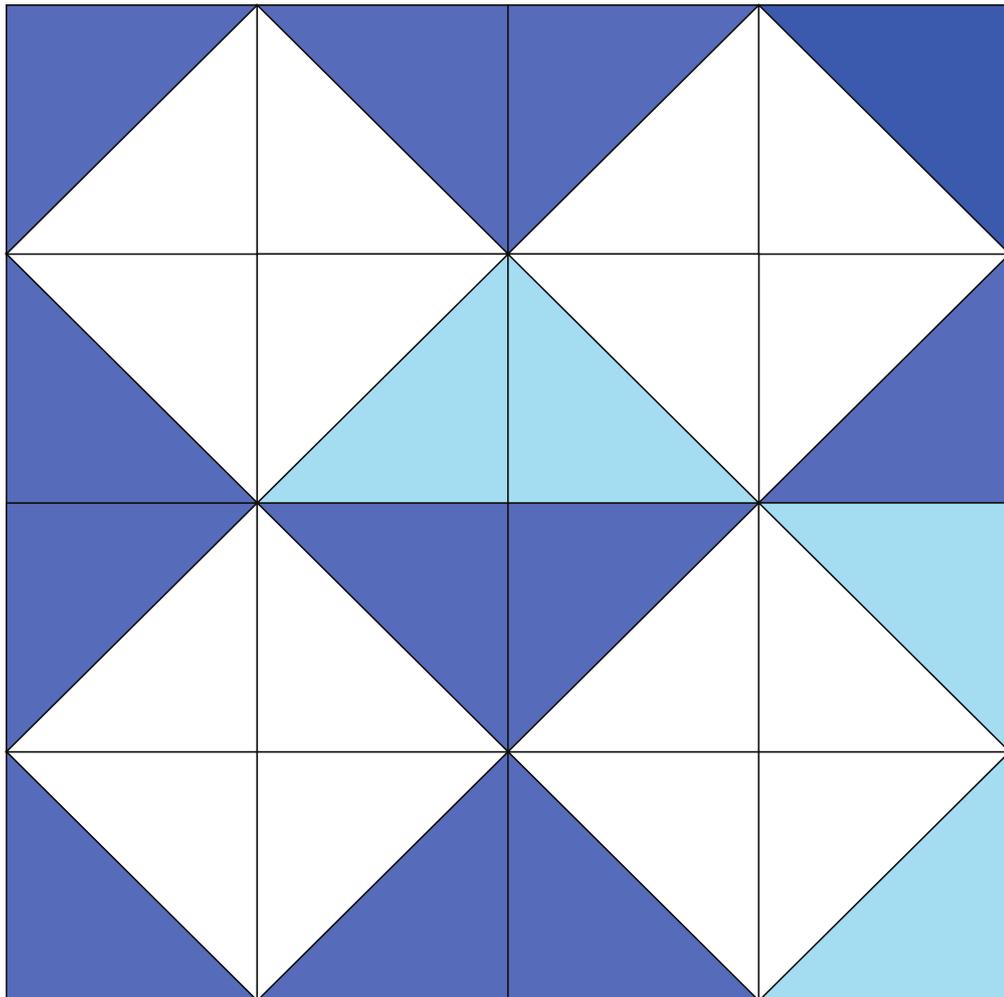

# Les pavages

Entoure le morceau qui manque à chaque pavage.

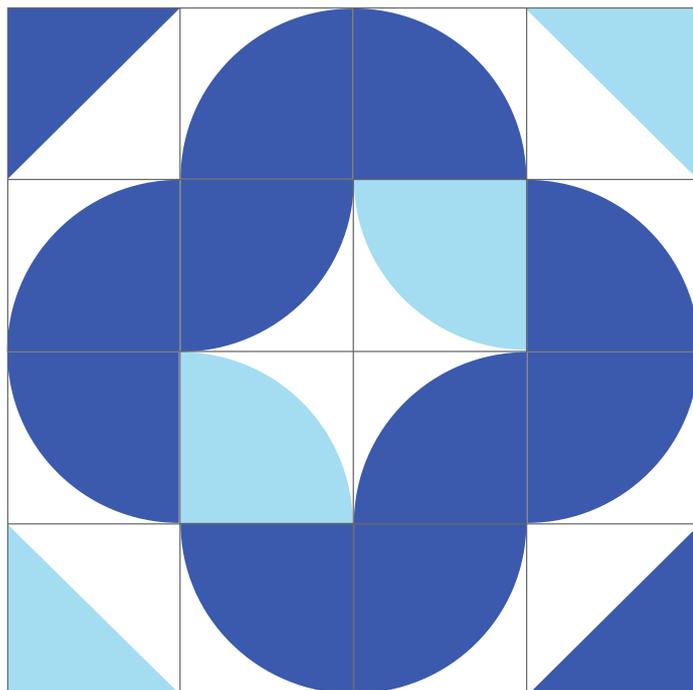

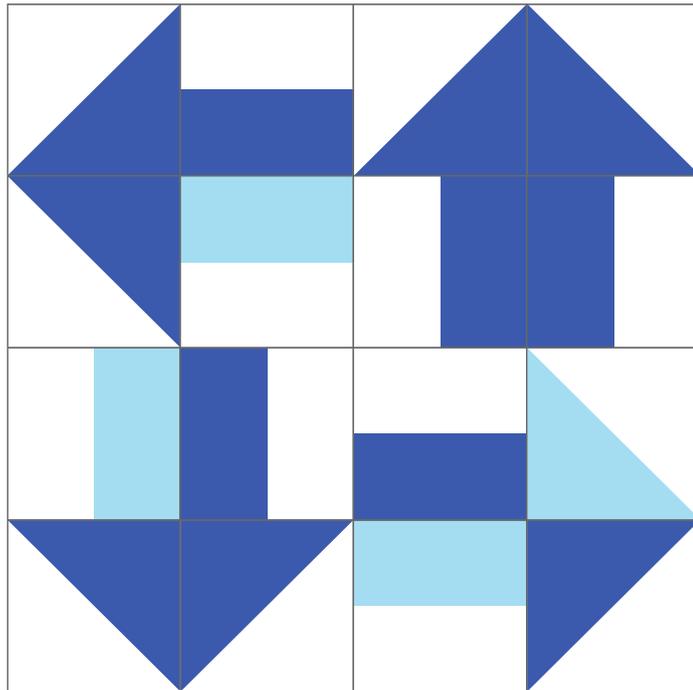

# Des p'tits trous (1)

Complète le pavage avec les quatre cubes qui manquent.  
Tu dois voir quatre fois le même motif.  
Dessine les faces correspondantes.

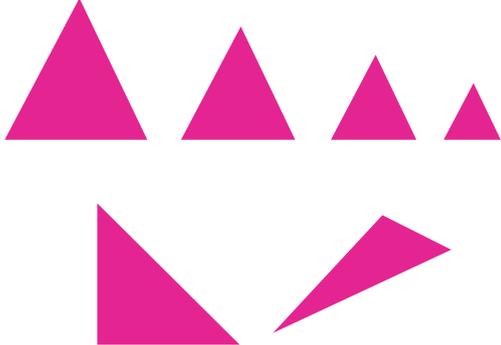

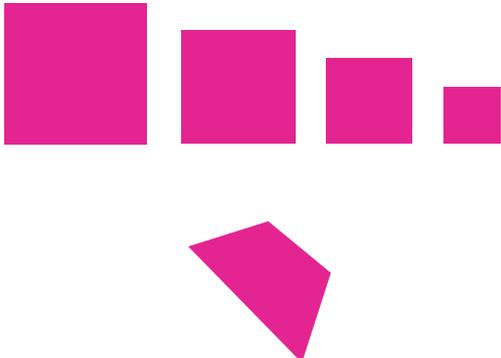

## Des p'tits trous (2)

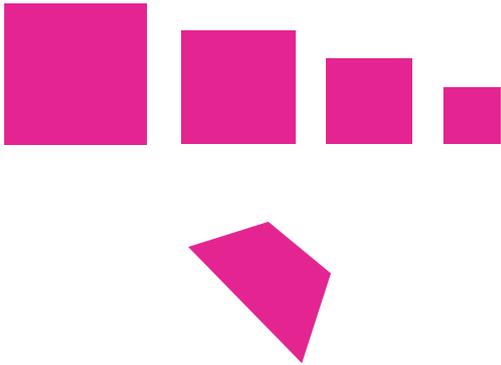

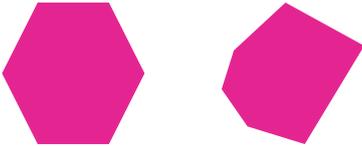

Complète les pavages avec les quatre cubes qui manquent.  
Tu dois voir quatre fois le même motif.  
Dessine les faces correspondantes.

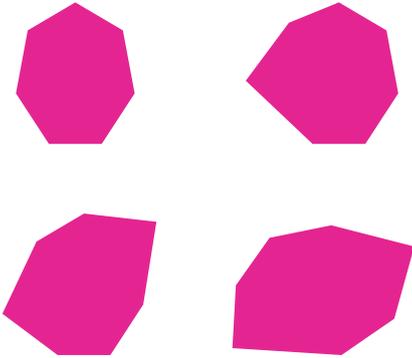

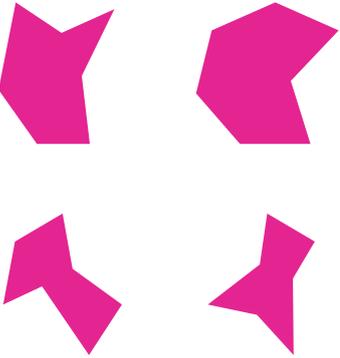

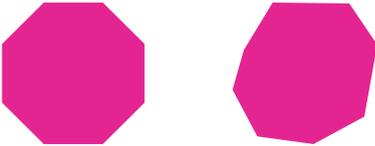

# Tableaux de formes (1)

|         | Convexe   | Non convexe   |
|---------|---|---|
| 3 côtés |    |   |
| 4 côtés |  |  |
| 5 côtés |  |  |

# Tableaux de formes (2)

|         | Convexe   | Non convexe   |
|---------|---|---|
| 4 côtés |    |    |
| 5 côtés |  |  |
| 6 côtés |  |  |

# Tableaux de formes (3)

|         | Convexe   | Non convexe   |
|---------|---|---|
| 6 côtés |    |    |
| 7 côtés |  |  |
| 8 côtés |  |  |
